

#### **Preamble**

These Regulations on the ranking system in Phygital Sports (hereinafter referred to as the Regulations) were jointly developed by the **World Phygital Community Limited** (WPC) and **Phygital International DMCC** (hereinafter referred to as PI). The objective is to create a consistent method for assessing the management and hosting of sports competitions in phygital sports. It seeks to standardize ranking rules and establish procedures for selecting participants in the Games of the Future (hereinafter referred to as GotF).

These Regulations define the calculation formulas and the procedure for creating the ranking system.

These Regulations are required for calculating the Club ranking and the ranking of WPC members.

PI is the legal entity that is the rights holder of the Phygital International Ecosystem (hereinafter also "the PI Ecosystem"), unless otherwise stipulated by these Regulations, WPC regulatory documents and/or agreements between WPC and PI.

The PI Ecosystem includes the Pi Club Ranking and the PI Tournament Ecosystem.

All terms used in these Regulations are employed in the meaning as defined in other WPC regulatory documents, unless expressly provided otherwise by the Regulations or does not follow from its meaning, and can be used with both capital and lowercase letters without affecting their meaning.

All terms used in these Regulations may be used in both the singular and plural forms without affecting their meaning.

All references to individuals in these Regulations may be used in both masculine and feminine forms.

#### 1. General information about the phygital sports ranking system

1.1. **The Phygital International Club Ranking** is a ranking system for Clubs in the Phygital International Tournament Ecosystem in order to determine participants in the Games of the Future in 2025 (hereinafter referred to as GotF, Games of the Future).

The term "Club" is used within the meaning set out in the WPC regulatory documents. For the purposes of these Regulations, the term "Club" shall also mean the term "Team" within the meaning of the WPC regulatory documents.

All Clubs that have participated in Phygital International Ecosystem tournaments are included in the ranking.

1.2. **The Phygital International Tournament Ecosystem** is a tournament system managed by the World Phygital Community and Phygital International, and comprised of 4 levels:

Regional Qualifiers are a series of tournaments of the first level of the PI Tournament Ecosystem, each of which is held in a certain territorial unit of the WPC member country (city, province, district, region, etc.), according to the results of which ranking points are assigned in accordance with the Regulations.

National Tournaments are a tournament of the second level of the PI Tournament Ecosystem held at the level of the whole WPC member country (without division into territorial units), according to the results of which ranking points are assigned in accordance with the Regulations.

GotF Qualifiers (Games of the Future Qualifiers) are the third level of the PI Tournament Ecosystem, within the framework of which the Clubs that did not get

to participate in GotF in the order of paragraph 3.2.3 of the Regulations compete with each other for the right to become GotF participants.

GotF (Games of the Future 2025) are the fourth level of the PI Tournament Ecosystem, the final stage of the international phygital sports competition.

The first two level tournaments are overseen by the World Phygital Community and coordinated by WPC members, while the third and fourth level tournaments fall under the jurisdiction of Phygital International.

The club rankings for Regional Qualifiers and National Tournaments are calculated by WPC members independently using templates created by Phygital International and validated by the WPC.

GotF and GotF Qualifiers Club rankings are calculated by Phygital International.

The rankings of the WPC members are calculated by the WPC.

Ranking of the WPC members is a ranking system for WPC members, calculated in accordance with these Regulations and forming part of the Club ranking.

1.3. **The rankings are updated** twice in one full cycle. The first update is based on the results of all national tournaments, while the second update is based on the results of GotF.

#### 2. The ranking calculation procedure

2.1. The Phygital International Club ranking is determined by the Clubs' tournament performances in the Phygital International Ecosystem. The club ranking also depends on the WPC member ranking and the class of phygital athletes the club enrolls.

The club ranking is calculated using the formula: CR=(ResRQ+ResNT+ResMT+ResGotF)\*MR/100

CR means Club Ranking.

ResRQ means the Club's performance in regional Qualifiers.

ResNQ means the Club's performance in national Qualifiers.

ResMT means the Club's performance in GotF Qualifiers.

ResGotF means the Club's performance in GotF.

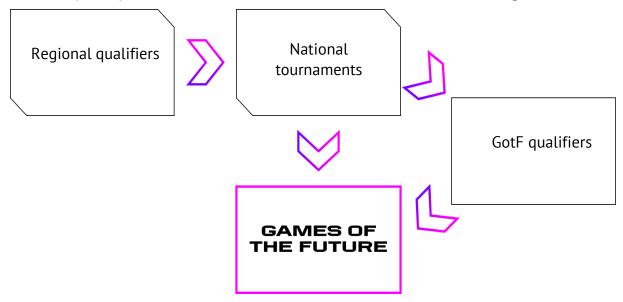

MR means WPC member ranking (if the Club has no WPC members, then MR=100).

- 2.2. All indicators are calculated using the Procedure for awarding Phygital International Ranking Points (Appendix 1).
- 2.3. The club ranking is calculated individually for each discipline of phygital sports. The club ranking is determined based on the disciplines of phygital sports outlined in paragraph 4 of Appendix 1 of these Regulations. The Phygital International management has the authority to modify the list of phygital sports disciplines.
- 2.4. The WPC member ranking is calculated only for members who have participated in a Regional Qualifiers and/or a National Tournament. If a WPC member has not participated in any ranking tournaments, their WPC member ranking is "0".
- 2.5. If a WPC member conducts regional qualifications and national tournaments outside the dates specified in clause 5 of these Regulations, their WPC member ranking is "80".

#### 3. The procedure for determining GotF participants

3.1. GotF participants are determined in the order as illustrated in the diagram below:

- 3.2. The transition from one level of the tournament to another is determined by the following rules:
  - 3.2.1. The transition of Clubs from one level to another must be governed by these Regulations, the Technical Rules of the tournaments, and conducted based on the sporting principle, while also considering the ranking points earned by the Club.
  - 3.2.2. Upon completion of all National Tournaments of WPC members by December 31, 2024 on the official gofuture.games website publishes ranking information in the following order:
    - Ranking of WPC members;
    - The club ranking of each WPC member in each phygital sports discipline (the final position of all Clubs based on the results of regional Qualifiers and national tournaments);
    - Summary ranking of Clubs of all WPC members in each phygital sports discipline (summary ranking of all Clubs that participated in regional Qualifiers and national tournaments);
    - The tournament ranking of all WPC members in each phygital sports discipline

Tournament ranking is that summary ranking, which includes 1 (one) top Club from each WPC member, namely, either the winner of the National tournament, or the highest-rated Club of each WPC member. Which Club included in the Tournament ranking is determined by the WPC member

himself or based on the results of the Grand Final of the National Tournament (an additional match within the National Tournament between the winner of the National Tournament and the leader of the ranking of the WPC member). If the winner of the national tournament is the top-ranked Club, then only they have the right to enter the Tournament ranking.

- 3.2.3. The top 2 (two) Clubs in the Tournament ranking of all WPC members in each
  - phygital sports discipline from the core program are qualified to compete in GotF. The remaining clubs in the Tournament rankings for each phygital sports discipline from the core program are eligible to participate in GotF Qualifiers, as long as there are no more than 24 such clubs. If there are over 24 Clubs, the right to participate in GotF Qualifiers goes to Clubs ranked 3rd to 26th in the Tournament.
- 3.2.4. Clubs are eligible for the aforementioned rights only if at least 70% of their athlete roster remains unchanged from the participants registered for the national tournament.
- 3.2.5. The eligibility criteria for the number of clubs participating in GotF and GotF Qualifiers can be adjusted at the discretion of Phygital International's management.
- 3.3. The lists of participants for GotF and GotF Qualifiers are governed by Appendix 3 to these Regulations.
- 3.4. The ranking information, reflecting the outcomes of GotF, will be published on the official gofuture.games website within 1 (one) week after the tournament concludes. The publication will include the following:
  - Summary ranking of all Clubs in each phygital sports discipline (comprising all Clubs that participated in the tournaments of the Phygital International Ecosystem).
  - The final GotF ranking for each phygital sports discipline (based on the ranking of GotF participants).
- 3.5. The champions of GotF and the highest-ranking Club in the Final GotF standings for each phygital sports discipline have the opportunity to compete in the next GotF in the same phygital sports discipline, as long as at least 50% of their athletes from the previous GotF registration are retained. If a GotF champion is also the top-rated Club, then the second-ranked Club in the Final GotF ranking is granted the same privilege.
- 3.6. The eligibility criteria for the number of clubs participating in the next GotF can be adjusted at the discretion of Phygital International's management.

#### 4. The procedure for conducting regional Qualifiers and National tournaments

- 4.1. The procedure for conducting regional Qualifiers of WPC members in each of the disciplines is governed by the following rules:
  - 4.1.1. The number of mandatory tournaments for regional Qualifiers in each phygital sports discipline is determined based on the country's population:
    - Countries with populations up to 10 million\* must organize and hold at least 2 tournaments, each with the participation of a minimum of 8 Clubs. The tournament must be held in accordance with the format specified in Appendix 2.
    - Countries with populations over 10 million\* must organize and hold at least 6 tournaments, each with the participation of a minimum of 8 Clubs. The tournament must be held in accordance with the format specified in Appendix 2.
  - 4.1.2. There is no limit to the number of Clubs participating in regional Qualifiers tournaments for each phygital sports discipline.
  - 4.1.3. Each Club is limited to participating in only one tournament of the regional Qualifiers by one cycle.
  - 4.1.4. During a single cycle, each WPC member is granted the right to organize only one regional Qualifiers event in each phygital sports discipline. The ranking does not consider other tournaments, such as regional Qualifiers, interregional tournaments, and additional events.
  - 4.1.5.A regional Qualifiers is not required for a WPC member to host a national tournament.
  - 4.1.6. If a WPC member fails to meet the above-mentioned criteria, their regional Qualifiers will not be rated, and consequently, the results will not be factored into the Club Ranking or the ranking of WPC members.
- 4.2. The procedure for conducting National tournaments of WPC members in each phygital sports discipline is governed by the following rules:
  - 4.2.1. The number of Clubs participating in the National tournament for each phygital sports discipline is determined according to the country's population:
    - For countries with a population of up to 10 million people\* the national tournament is held with the participation of either 8 or 16 Clubs. The tournament must be held in accordance with the format specified in Appendix 2.

- For countries with a population of over 10 million people\* the national tournament is held with the participation of either 16 or 32 Clubs. The tournament must be held in accordance with the format specified in Appendix 2.
- 4.2.2. During a single cycle, each WPC member is granted the right to hold only one National Tournament and one Grand Final (if necessary) for phygital sports discipline.
- 4.2.3. Each Club is limited to participating in only one National Tournament by one cycle.
- 4.2.4. The right to participate in a National Tournament must be determined by the sports results, specifically the performance displayed by the Club in regional Qualifiers.
  - All regional winners must compete in the National Tournament; the remaining slots are allocated following the sports principle, based on the Clubs' rankings in the regional Qualifiers. If the Clubs are tied in position, the Clubs are selected for the National Tournament according to their ranking. If the Clubs have the same rating, then the decision to participate in the National Tournament is made by the WPC member.
- 4.2.5. A WPC member can host a National Tournament without regional Oualifiers.
- 4.2.5. If a WPC member fails to meet the above-mentioned criteria, the National Tournament will not be rated, and consequently, the results will not be factored into the Club Ranking or the ranking of WPC members.
- \* Population data for countries is sourced from the World Bank Database (<a href="https://databank.worldbank.org/source/population-estimates-and-projections">https://databank.worldbank.org/source/population-estimates-and-projections</a>) as of the approval date of these Regulations.

#### 5. Key dates for the ranking system in phygital sports

- 5.1. The Phygital International Tournament ranking and the WPC member remain in effect from the approval date of these Regulations until the end of GotF 2025.
- 5.2. The qualifying round for Games of the Future 2025 must adhere to the following schedule:

**Regional Qualifiers**: from October 1, 2024 to November 30, 2024;

National tournaments: from December 1, 2024 to January 30, 2025;

**GotF Qualifiers**: the first half of 2025, with dates approved by Phygital International following the announcement of the host city;

**GotF**: dates are finalized by Phygital International after the host city announcement.

- 5.3. To organize and hold Regional Qualifiers, WPC members must inform WPC of their scheduled tournaments by September 1, 2024. Tournament information is presented
  - in a format approved by the WPC. To organize and hold National Tournaments, WPC members must inform WPC of their scheduled tournaments by November 1, 2024. Tournament information is presented in a format approved by the WPC.
- 5.4. For Club Ranking accounting, a WPC member must submit the ranking calculation using the template by Phygital International within 3 days after the Regional Qualifiers and/or National Tournament concludes. If the data is not submitted within the specified period, WPC and Phygital International reserve the right not to acknowledge this tournament as a rated one.
- 5.5. A WPC member organizing Regional Qualifying and National Tournaments outside the dates specified in clause 5.2 will be assessed in accordance with clause 2.5 of these Regulations.

#### 6. Final provisions

- 6.1. These regulations take effect upon approval by the WPC in cooperation with Phygital International.
- 6.2. In case of disputes, the official interpretation of these Provisions is performed by the competent authorities of WPC and Phygital International, respectively.
- 6.3. Amendments and additions to these Regulations are approved by the WPC in cooperation with Phygital International and take effect upon approval, unless specified otherwise by the relevant decision.

# The procedure for awarding Phygital International ranking points

#### 1. The Clubs' performance in the tournaments of the Phygital International Ecosystem

The Clubs' performance in the tournaments of the Phygital International Ecosystem is determined by aggregating the points earned according to Tables 1 and 2.

#### 2. WPC member ranking

Each registered WPC member starts with 100 points. For every finished event as per Tables 3-5, a WPC member earns points. Whereas if events in the "General Events" category are not fulfilled, WPC members will have points deducted according to Table 3.

#### **General events**

#	Per event	Points
1	The existence of a distinct legal entity registered as the Federation of phygital sports	3
2	The existence of a WPC federation/member website with current information and an updated news feed	2
3	Maintaining a presence on at least 3 active club accounts across three distinct social media platforms (with a minimum of 3 posts per month on each account)	3
4	The secondment (flight, accommodation, meals) for at least one of the WPC delegates has been arranged. These points are earned only when a WPC member is willing to delegate; if the delegate declines, points are still allocated to the WPC member	2

# 3. Classification of phygital athletes

For computing the Phygital International Club ranking, the Classification of phygital athletes from Table 6 is used.

#	Sport class of a phygital athlete	Short title	Sport class allocation
1	Beginner	В	To all participants of the Regional Qualifiers
2	Amateur	Α	To all participants of the National Tournaments
3	Semi-professional	S	All participants in GotF Qualifiers
4	Professional	Р	To all GotF participants
5	Professional +	P+	To all celebrity participants (participants in specialized global tournaments, continental contests, recognized figures in the phygital sports disciplines, etc.). This status is exclusively assigned by the decision of the CMP PI.

Table 6

#### 4. Classification of phygital sports disciplines

To calculate the Phygital International Club ranking and the WPC Member ranking, the following Classification of the disciplines of phygital sports is used:

#### 4.1. Core phygital sports disciplines included in the ranking calculation for Club rankings:

- Phygital football;
- Phygital basketball;
- Phygital shooter;
- Phygital dancing.

#### 4.2. Optional phygital sports disciplines included in the ranking calculation only for WPC Members rankings:

- Phygital racing
- Phygital hockey;
- Phygital BMX;
- Phygital skateboarding;
- Phygital fighting;
- Indoor cycling.

Appendix 2 to the Regulations on the ranking system in phygital sports

## Formats of regional Qualifiers and national tournaments for WPC members

#### 1. Format of regional Qualifiers

- 1.1. Regional Qualifiers can be held in the following formats:
  - Single elimination is a system where a participant is eliminated from the tournament after the first loss. It ensures the winner is identified in the minimum number of rounds and contributes to intense competition in the tournament.
  - Round Robin is a group stage system where each tournament participant competes against every other participant during the round.
  - GSL format without a decisive 5 matches is a group stage system where each club plays at least two games. In this format, only 4 clubs can participate in a group. In this system, clubs are paired in a group, and the winning club in the first match advances to the top bracket, while the losing club goes to the bottom.
- 1.2. The format of each regional Qualifiers tournament can include either a Single Elimination format, or a combination of 2 formats Round Robin and Single Elimination, or GSL and Single Elimination.
- 1.3. The format of each regional Qualifiers tournament must necessarily include the single elimination format, starting from the 1/4 finals, in accordance with Table 1 of Appendix 2.
- 1.4. In accordance with Table 1 of Appendix 1, at regional Qualifiers, the accrual of ranking points for the Clubs begins only from the 1/4 finals.
- 1.5. Regional Qualifiers and National Tournaments must be conducted in accordance with the Rules of Phygital Sports and Technical Rules.

## List of participants in GotF and GotF Qualifiers

#### 1. List of GotF Qualifiers participants

- 1.1. The list of participants in GotF Qualifiers is compiled based on the Tournament ranking of all WPC members. If there are more than 26 participants, Clubs ranked below 27th place will not participate in GotF Qualifiers, or an additional tournament will be held at the discretion of PI.
- 1.2. If there are fewer than 26 participants in the Tournament ranking of all WPC members, PI may choose to reduce the number of participants in GotF Qualifiers, or PI reserves the right to invite third-party clubs to participate in this tournament.
